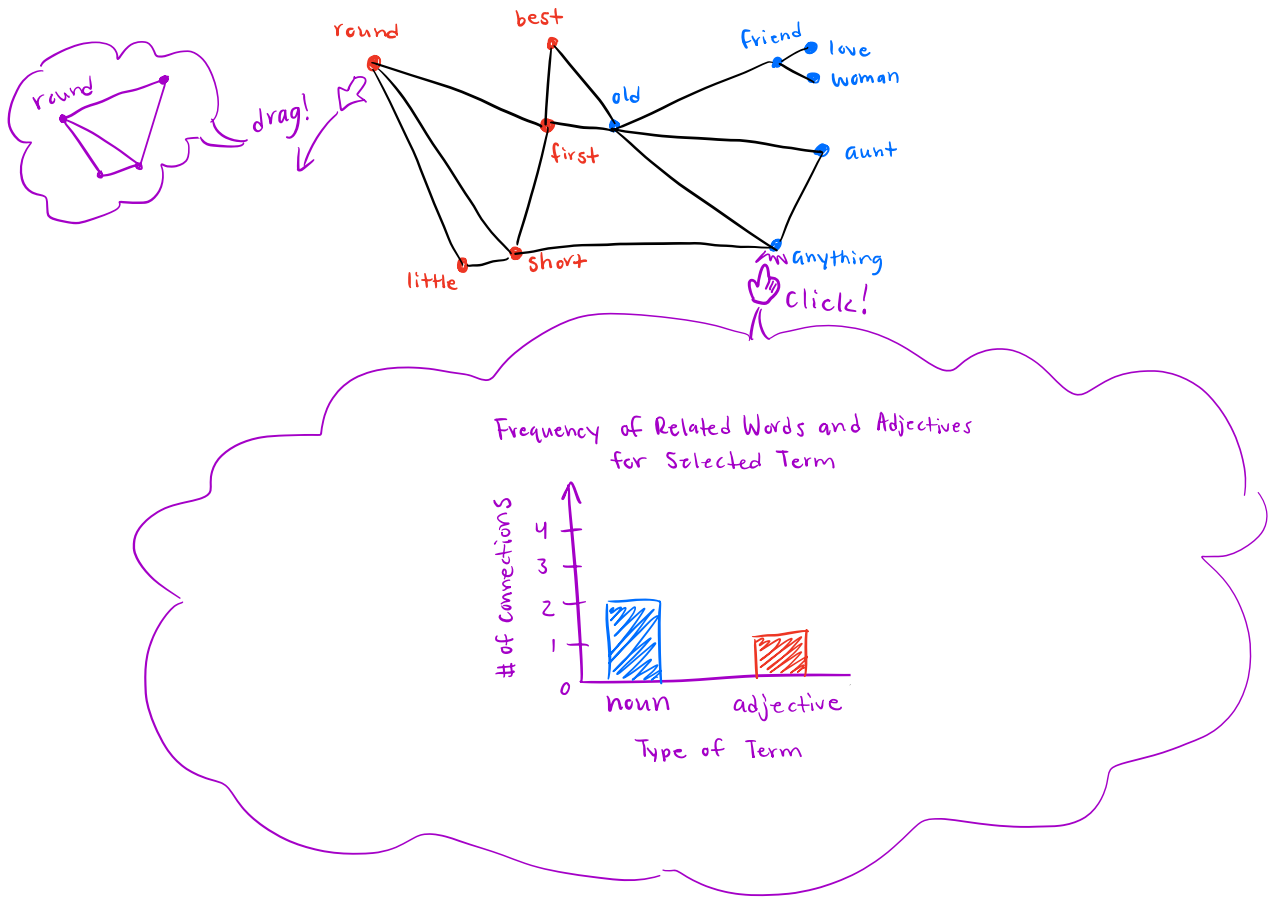
VA System Sketch

Adjacency Network of Adjectives and Nouns
in Charles Dicken's Novel *David Copperfield*



[add dataset reference here]

VA System Breakdown

- VA topic: network analysis (semantic patterns/ Dicken's writing style in novel)
- visualization elements
  - network graph → force-directed layout
    - O node (noun or adj)
    - — edge (proximity of nouns/adj.s in the text)
  - bar graph
    visualizes frequency of related nouns & adjectives for selected node/term
- visual encoding
  - node color
    - noun
    - adjective
  - position
    nouns/adj.s that are more related → nodes are closer, else nodes are farther apart
- interactions
  - drag nodes around to change network layout
  - click nodes to see bar graph for particular term
